ADP Resource University

Employees can search for the learning opportunities that best fit their training needs and style in three different ways:

1. Using the search engine for any type of training opportunity
2. Using the Events Calendar for instructor-led training opportunities
3. Browsing by training subject

instructor-led classes,
virtually-led training,
self paced online courses

February is your month to connect with some helpful tools!

You've seen how ADP Resource gives you tools and tips to stay focused with New Year's resolutions. Now, as you're settling into the year, you may need tools to help you balance all the demands on you!

If you haven't checked out these two tools below, take a few minutes to learn how they will add value to your work/life balance.

To log in for the first time, you will need your registration code, which you can get from your company administrator.

For password resets, just click 'forgot password' on the login page. Questions? Call the Employee Service Center at (800) 416-6131.

Employee Assistance Program

Within My Resource, you have access to an Employee Assistance Program (EAP). The EAP is stocked with a whole library of resources you can pull from to get this year's nutritious and healthy lifestyle off on the right foot!
